# HACC-ICS50

FEATURES

Mifare 1 Non-contacting IC Card

- Non-Contacting data transmission and supplied power(no battery needed)
- High Data Transmission Speed: 106 k bit/s
- Anti-conflict
- Triple accreditation (ISO/IEC DIS9798-2)
- Attack protective radio-frequency channel data encryption
- Two security keys (support multiple security levels) for each section
- Only one serial number for one card.
- Transmission security key to protect the access right of EEPROM during the transmission
- Long time data storage: 10 years

ºSpecifications	
Model Number	HACC-ICS50
Working Frequency	13.56MHz
Interface	Mifare RF interface (ISO/IEC 14443 A)
Data integrity protection	16 bit CRC, odd-even check, encoding and counting by bit.
