# HACC-R801E

FEATURES

Inductive Card Reader

- PC+ABS material shell
- IP65 Standard
- Wiegand(w26, w34) Protocol
- Supports ID Card recognition, and ID card number reading
- Supports opening door by swiping card
- High/Low Temperature resistant design

ºSpecifications	
Model Number	HACC-R801E
Working Voltage	DC 12V
Working current	
Processor	8-bit
Reading Card	EM Card
Reading Range	30 to 50mm (1.18″ to 1.96″)
Audio Alert	Beeper
Power consumption	1W
Keypad	No Keypad
Uplink communication iterface	Wiegand interface
LED Indicator	Power Indicator, Status LED Indicator
Working Temperature	-30°C to 65°C (-22°F ~ 149°F)
Working Humidity	10% – 90% (Non-Condensing)

ºSpecifications	
Protection Rating	IP 65
Dimensions	3.43″ x 3.43″ x 0.53″
